Our network is here to support all international students as well as home students. The ISN Committee is comprised of international students and is here to make you feel welcomed, represented, and enjoy your experience at here at university. Anyone classified as an Overseas or EU student by the university is automatically a member of the Network!

There are many organized schemes and groups at the university offering support such as the wellbeing team and the global buddies scheme, where new students are matched with old students to help them settle in.

There are lots of societies representing nationalities and cultures in the university as well and they organize events and activities, so there is plenty of ways to know more about new cultures and have fun memories in those events.

So, you'll find plenty of ways to socialize and make new friends, all around the world in the University of Nottingham's diverse community.

We as the ISN Committee will also hopefully be hosting events in the future, across the year such as the international ball.

If you'd like to keep up with our events and activities, or even get in touch, please follow our social media account below.

And don't hesitate to get in touch if you have any questions or suggestions, we're always happy to hear and answer them.
