Hi everyone, my name is Abdi, my pronouns are he/him and I'm your current postgraduate officer for this academic year and it's a pleasure to meet all of our new postgraduate students and welcome back our old postgraduate members.

The postgraduate students network is a network for all of our postgraduates at this university to be able to come together through a range of different events and socials from your general socials to activities to welfare to sports and societies and plenty more. To find out more about how you can get involved, please take a look at our facebook page as well as our website to be able to understand more about how you can get involved and all of the services that it does provide for you.

We also have a committee of over ten people who manage the postgraduate network who cater to putting on all forms of events, socials, welfare services, provisions for sports and much more. So please, get involved to find out how you can help or how you can partake in all of the activities and services that are offered for you.

So how do you join the postgraduate network? Well, all postgraduates studying at the University of Nottingham are automatically enrolled onto the network. This means there's no need to sign up or pay any sort of fees as you are automatically a member of the postgraduate students network.
